Hotletved Quarter Horses Welcomes You to the Ranch!

Rolling hills. Blue skies. Dakota "peaceful." To many, this is the definition of the American Cowboy's Heritage. To Hotletved Quarter Horses, this is simply home – where we are blessed to be able to offer you over 50 years of horse breeding. We are offering a quality group of foals again this year. We welcome you to come take a look and we thank you for your interest.

Where did this begin? It started in Big Sky Country where Bub and Nona Nunn saw the necessity of good horses, capable of covering big country as well as performing in the arena. Their program was accomplishing just that and then Nunns discovered High Rolling Roany as a promising foal. High Rolling Roany proved to be a legend in his own time. His progeny possess amazing maternal traits from rich milk to being self-sustaining in the pasture. In addition, High Rolling Roany's get offer size, cow ability, disposition, sound structure and mind, a will to work and feet that will put farriers out of business. Bub loved good horse flesh – believing that without hip, foot and bone, a saddle was wasted. He valued a hip that could drag calves all day and still make good time and distance across the wide-open prairie. He wanted black feet so that they could self-sustain in the rugged Montana terrain, and he demanded a cannon bone that didn't resemble a coyote's leg. Through this partnership, a friendship was developed that we are thankful to have had. We tip our hats to him this time of year when we remember his 2013 ride from these earthly pastures.

Gene and Jan are proud to have continued another 21 years of this program. The Hotletved Quarter Horse program offers the highest concentration of High Rolling Roany with the largest band of High Rolling Roany daughters (owning 60%). We are excited to see our planning and breeding come to fruition with a foal product that makes us proud. These Roany descendants are known for their uniformity, maternal traits and saddle-fitting withers for covering big country with good foot and bone.

The Hotletved Quarter Horse Ranch consists of a horse breeding and cattle operation located near Robinson, North Dakota. Gene and Jan run a cow-calf operation, farm some acreage, and run the Dakota Hills Hideaway hunting lodge. Gene is the strategist and pedigree man. Jan is the photographer of all of our foals. We enjoy our horses and strive to make them nice to look at while they are being used. We work cattle the old-fashioned way by dragging them to the fire. Our horses are not strangers to the chores that a ranch requires. It won't matter if you are looking to check those yearlings that refuse to stay in, or wanting to stretch that corner fence that won't stay tight; we have a horse bred to take care of you. Ranch, performance or show, we invite you to take a look.

Gene and Jan have two sons – Lee and Clint. Lee is an agriculture education teacher and Penny is the director of education – both in the field of corrections. Lee is also a USA Archery coach. Their daughters, Kinley and Hatley, are active in many activities and are both national archers.

Clint is the go-to man for mechanical expertise on the ranch. He trucks and ranches with Gene and Jan. His wife, Lacey, is a loan officer at Capital Credit Union. Tucker is his dad's right-hand man who can quickly bring a smile to our faces as he expresses his love for tractors, cows and farming. Abbie Jo is the youngest and works hard to be in the middle of the action. She can be found with her boots on, no matter the weather or the outfit – all with a sparkle in her eye. They are expecting blessing No. 3 in August!

We truly appreciate your business and May God Bless You All!

Reference Stallions

Welcome to our 21st Annual Production and Retirement Reduction Sale!

After a lot of thought and sleepless nights, we have decided it is time to ease up and take life at a slower pace. It was a very hard decision. Our horses have opened up many important opportunities for us that we deeply value.

We based our American Quarter Horse program on the High Rolling Roany bloodlines. He was an outstanding stallion, both in disposition and conformation, and a strong breeder; he passed on all of these good traits to his offspring. We can't imagine where the last 21 years would have taken us without him. Roany's final resting spot is on the east side of our hills, catching the morning sun.

We are offering the "cream" of the crop of our breeding program to you. We were always fussy on which fillies to keep for replacement mares, keeping the ones that we knew would preserve and grow our program to its best. We are very proud of our accomplishments in staying true to our goals. We have proof in the years of return buyers and all of the great feedback we have continually received.

We are offering almost our entire program for sale this year. We can't get out completely; we need a few of our own. So, we are keeping Awesome Roany and 10 of our Rolling Jax Copper daughters and our two, aged High Rolling Roany daughters. Check with us next year as we may be offering a few foals for sale private treaty.

We will definitely miss all of the people that we see every year – old friends and new acquaintances and all that are in the business of putting the sale on. We sincerely appreciate all of you!

Thank You and May God Bless You,

Gene and Jan

Drift consistently produces top-quality foals for our sale. He is a strong breeder that puts big hips on his foals along with good foot and bone. Several of Drift's colts are standing at stud. We also have geldings of Drift's on several ranches, and the buyers are very pleased with them. They are smart, quick to learn and easy to get along with.

Drifts Chip's first AQHA performers earned points in open reining and open heeling. Many of his foals are highly valued rodeo and ranch horses. Lonsum Tiger was the 1979 NCHA Reserve World Champion Cutting Horse. Tiger Leo AAA has sired 24 Superior, 10 AQHA Champions, four World Champions, three Reserve World Champions. Kiowa's Diana, a triple-bred King mare, is the dam of three AQHA Champions, and 592 AQHA Open Points. All of her performers are full brothers and sisters to Lonsum Tiger.

Lonsum Drift 045 is 12.5% Driftwood, 4.69% Joe Reed, with 14 crosses to Traveler, 10 crosses to Little Joe, and 9 crosses to Peter McCue.
